

Whatever your lifting need  
We have perfect solution

## Welcome to Century Fab-Tech

Based in Bangalore Century Fab-Tech design and build Cranes and perform erection all over India. Today Century Fab-Tech is one of the foremost organizations in India having an absolute experience of 24 years in the field and having credential of commissioning morethan 1000 cranes to various core industries.

We are proud to be associated with customers who have time and again been endorsing our material handling equipment known for its Quality, Service and Workmanship.

## Infrastructure – Fabrication Facility

We have a sound infrastructure with the most sophisticated machines used like various welding machines which include the CO2 welding machine, gear hobbing machine, lathes and other hitech machine tools.

We have the infrastructure to provide services in the areas of design & manufacturing of :

- EOT Cranes 1 Ton to 100 Tons capacity up to 32 meters span
- Gantry / Goliath Cranes of capacity 1 Ton to 100 Tons up to 40 meters span
- Electric Wire Rope Hoists 500 Kgs to 20,000 Kgs capacity
- Jib Cranes 0.5 Ton to 5 Tons capacity for 6 meters Jib arm radius
- Cage lift / Goods Lift / Dumb waiter - 500 Kgs to 5000 Kgs capacity
- Transfer Trolley 5 Tons to 180 Tons capacity
- Wire rope winches - Motorised / Manual - 5000 Kgs to 50000 Kgs Capacity
- Spares for EOT / Gantry / HOT Cranes like Brakes, Wheels, Gear Couplings, Gear Box, Motor, Limit Switches, Foundries

We have well established design department to design and modify the products as per the client requirements.

## Quality Policy

At Century Fab-Tech all our products are manufactured and tested in various stages for production as per well spelled quality procedure.

We maintain strict measures and take all necessary precautions to maintain highest standards of quality.
